# HOW TO CUSTOMISE YOUR DRY JULY TEAM POSTER

1. Open your editable poster in Adobe Acrobat

2. Type your team name in the text box

CHANGE THE QR CODE

3. Click on the QR code. The Select Image box will appear

4. Click Browse and choose your QR code image for your team

5. Click OK

6. Save your changes using File > Save

HOW DO I GET A NEW QR CODE IMAGE?

1. Go to dryjuly.com and search for your team name

2. Open your team page

3. Click on the QR icon

4. Your QR code will pop up. Take a screenshot of the QR code and save the image to use in your poster

WHY DOES MY LOGO HAVE A BLACK BACKGROUND?

If your logo appears in the poster with a black background, it means your image has a transparent background e.g. file type of GIF or PNG.

You will need to use a logo with a solid/white background. An easy way to remove the transparency is to save your logo as a JPG.
